MANUAL'S BALL TEAM

WON FROM WASHINGTON.

Score Was 5 to 1 in Payor of the ning Game.

Manual Training School won from Washington University yesterday, defeating the college team by a score of 5 to 4 and winning by a run made by Borgstead in the sixth inning. But seven imings were played owing to the slippery condition of the diamend and a downsour of ram, which came up at that period.

At the end of the fifth inning, the score was thed, each nine having four runs to its credit. One of the features of the game was Dicke's work in the box, as he allowed but four hits in the course of the match. Weber served in the Ditcher's box for Washington and allowed e'_ut hits.

Manual seem. to have a good team this year, to judge from the matner in which the boys played. It was practically their first contest of importance, yet they made but two errors in the course of the game. Jones at first base missing out on a grounder and Williams letting a fly escape in center field. In the latter occasion, Williams had to run out of his territory and it is an open question whether the error should be scored against him. It was so decided by the score, however.

Mooney, of last season's team, caught for the Manual boys and showed better form than he did in my of his games lost year. Jones, Ecoff and Titte served on the bases for the academic team, Thomas, Borgstead and Money furnished the hattery work. The aggregation seems of consider-

Macon, Mo., April 25.—The Blees Academy cadets met their first defeat at baseball this season this afternoon, the Smith Academy team of St. Louis doing the work in an intensely exciting game.

Up to the eighth inning the score was 3 to 1 in favor of the cadets, but in that inning Jameson, Benecke and Moon scored for Smith. In the ninth inning Blees had a man on third and put its best batter, H. Allen, at the plate. Allen knew what he was there for, and did his work by sending a hot liner to center field. Benecke gathered it in beautifully, however, and the game was won for Smith by a narrow margin. Smith had lost three games this season. Its captain, Llebke, had recently resigned, and it was going against a team that had won every game this season, including one with the State University. The Smith boys are a happy crowd to-night.

Baseball Nates. In the corridor of the Southern Hotel last night Jimmy Callahan's the Water Burg' handhom manager, said that while he was not making any claims on the pennant, he believed he had a team that is going to be the surprise of the year to the talent.

Callaban's assertion looks to be good logic the light of recent events. A team that can t up with the Browns and administer two defea is succession cannot be held lightly. In the on field Callahan has three fast and dangerous me in Hallman, Fielder Jones and Green.

in Hallman, Fielder Jones and Green.

Callaban's Infield does not look any too substantial on paper, but the fact remains that it is playing a very fast game of ball. Isbell at third, although he is new to the post on, is a fast man any place on the infield. Houns at fast man any place on the infield. Houns at fast is showing nicely, while Tannehit before he though he is going to make his famous brother histle to keep his shotograph in the Front page of the family allum. Jimmy Callahan will pitch to-day in case Fisherty is not in proper form. Callahan has always been one of the best pitchers in the Lesque and if he facts the Frowns their chances for a victory will be lessened.

There is much similarity between Managers McAleer of the Browns, and Callahan of the White Sox. Both are players of a lifty. The fact that McAleer has not been in the game for several years is no sign that he is not a player of much ability. Jimmy can go after a bail in the same deshing manner to-day that made him the most-taiked of fielder in the world only a few years ago. Both McAleer and Callahan ate-keen yinaged managers, counter with their players. They are good mixers and forceful most-qualifications much nesded by managers of balt teams.

econd District Patrolman Keeps His Advantage Easily in Revolver Work. Patrolman Hayhurst did the best work in the Second District revolver practice yesterday, scoring 19th and leading Policeman Meder by 31 points. Few scores of even reasonable merit were made in the course of the day, but six men making totals of more than 60. Heid, Alexander, Huriey and Sergeant Schaffer were those who passed the 60 mark.

Hayhurst is now high man for his district, with a total of 41 for four rounds at the range. The Central District will report for practice to-day, Sears being high man, with a total of 226 for two rounds. Other good totals in the district are Sergeant Dreon, 224; Patrolmen Lonaworth, 22; Jeans, 231; Thompson, 230; Goetz, 234; McCormick, 211; Meagher, 230.

What portends some really good scores is a series of target practice made yesterday by police of the Central saund. Sears made 124 out of a possible 125, the best record yet made on the range. Meagher made 122 and Conion and Sergeant Dreon made 129 each. The outlook is for some good work. Patrolman Hayhurst did the best work it
